Government Reports Show Farm Products Are Selling Well.  
The farm products in New England seem to be selling well, according to government reports. The condition of rye in Connecticut last month was 91 per cent, and in New York \$20.40 per bushel. The price paid to producers this spring for corn is 87 cents a bushel in Connecticut, about 87 cents, buckwheat 10 cents, clover hay \$20.40 a ton, butter 35 cents a pound, chickens 18 cents, eggs 21 cents a dozen, hogs \$8 per 100 pounds, beef cattle \$6.50 per 100, calves \$20 per 100, sheep \$5 per 100, lambs \$7.50 per 100, milk cows \$17.70 per head, horses \$200 a head, wool 23 cents a pound, timothy hay \$12 per ton, clover hay \$17.50, apples 80 cents a bushel, honey 18 cents a pound in comb, 15 cents extracted, beans \$3.50 a bushel, onions 67 cents, cabbages \$1.55 per 100 pounds.

**NEW STATE BODY.**  
Secretaries of Commercial Bodies Organize—John Humphrey President.  
Secretary John Humphrey of the New London Chamber of Commerce, was elected president of a temporary organization composed of secretaries of the commercial organizations of the state formed at a meeting in New Britain Saturday. The organization will be formed in Hartford May 27 and will probably be known as the Connecticut Association of Commercial and Civic Executives.  
The secretaries of the various state organizations were called to New Britain through the instrumentality of President P. J. Johnson of the Connecticut Chamber of Commerce for the purpose of forming a state association. The results were highly satisfactory and the temporary organization was formed. It was then unanimously decided to affect a permanent organization May 27. The benefits of the organization were discussed and it was decided to limit the active membership to secretaries of commercial and civic bodies with other officials as honorary members. The objects of the proposed organization are to secure good fellowship and mutual helpfulness among secretaries of the state, to improve local, commercial, and public interests, to advance Connecticut's interests as a whole and to cooperate with other organizations in similar work in sympathy with and affiliated with the state and national associations of civic and commercial character.  
A committee consisting of A. H. Andrews of New Britain, John Humphrey, F. J. Linsley of New Haven, A. M. May of Meriden and W. L. Mead of Hartford to draw up by-laws and also present a list of nominations for officers was chosen.

**PARK INCREASES IN SIZE**  
Through Its Natural Beauty and the Artificial Attractions Provided—Mohegan Park Board Makes Its Annual Report—Will Need \$5,000 for Another Year—Some Road Building Proposed to Serve for Taftville Entrance.

The annual report of the board of park commissioners, presented before the common council on Monday evening, showed that the \$5,000 which was the appropriation made by the last city meeting had been all required for the needed expenditures in the park during the last year, in which the largest item was the salary account, which was between \$3,100 and \$3,200, including the \$1,200 for Superintendent John Duff, and that the contemplated improvements for the coming year would require an appropriation of \$5,000. They urged that this amount be placed in the estimate of the city's expenses for the coming year.  
The report was signed by the full board, consisting of Joseph H. Pratt, Martin E. Jensen, William A. Norton, Henry F. Parker, Frank J. King and John M. Lee, and was as follows:  
Upon reviewing the report of the year's work it is realized clearly that considerable expenditure is now required simply to keep the roads and other improvements within the Mohegan park in proper repair and free from any appearance of carelessness or neglect.  
Park Increasingly Popular.  
Two considerations seem to make the park increasingly popular. First, the better knowledge and appreciation which our citizens in general now have of the wonderful beauty which marks those portions of the city which remain as they were fashioned by nature, and second, the fact that the city has provided what might be called artificial attractions, which tend to maintain a substantial public interest throughout the year. It required not a little outlay to provide the different paths which wind through various sections of the beautiful wooded area, the selected shrubbery, the collections of animals, the skating pond, so constructed that safety is insured for the young skaters, the ball field, buildings and deer enclosure, and the playground equipment of swings, etc., all resulting from the general plan, which has developed gradually, of giving that variety of attractions which is required to meet the different tastes of the very large numbers of people who have become constant visitors at the park. None of these things could be dispensed with now, and the public can understand readily that their proper maintenance causes a distinct expense which did not exist at first.  
**Improvements in Year.**  
During the last year the buildings were painted, the street line improved near the Rockwell street entrance, the roads were scraped and cleared, the main road, No. 1, from Rockwell street, was improved by being straightened and re-graded in places, the roadway passing between the toolhouse and duck pond was in order, the space behind the tool-

**MADE PLEASANT BIRTHDAY FOR AGED VETERAN**  
Friends Called Upon George Maynard of Cliff Street.  
A few friends called upon George Maynard on Cliff street Saturday evening to help him celebrate his seventy-eighth birthday. Mr. Maynard is an old veteran, and as he is in very poor health the pleasant gathering was held in a very quiet and informal way.  
One of the pleasing features of the evening was when Miss Annie March sang the hymn, "The Lord is my Shepherd," and presented to Mr. Maynard saying: "Today is May day, grandpa dear, and I have brought this bouquet of flowers so fresh and sweet. With lots of good wishes to cheer you on and help to make your birthday complete."  
She then assisted Mr. Maynard in lighting the 78 candles which decorated the birthday cake.  
Mr. Maynard received gifts, among which was a check from Mrs. Tom Fish and daughter, of Pasadena, California. Mrs. Fish is Mr. Maynard's daughter.  
Among those present at the gathering was Mrs. Maria Hyde of Hamilton avenue, who has just passed her 88th birthday and enjoys excellent health.  
After refreshments were served and a social hour was enjoyed, friends wished Mr. Maynard many happy returns of the day. Mr. Maynard, the venerable veteran in the best of spirits and he assured his friends that this had been a very pleasant occasion to him.  
**FRED SCHWARTZ DROWNED.**  
Former New London Man Had Been Missing from New York.  
Fred Schwartz, son of the late Jacob Schwartz, who formerly kept a dry goods store in State street, New London, had been missing from New York since April 3, was drowned. His body was recovered Sunday. Mr. Schwartz was a charter member of New London lodge of Elks and that lodge had instituted a search for him when it was notified his body had been recovered.  
He was known in this city where he was salesman at one time recently at a sale at the Manhattan.  
A Hugh Peters Book to Be Sold.  
At an auction of rare books in New York this week one of those to be sold is a Word for the Kingdom. To Clear the One and Cure the Other, by Hugh Peters, quarto, London, 1647, is extremely rare. Peters was born in 1598 and was an independent divine. He became minister at Salem, Mass., where he rebuked the governor, Henry Vane, for interfering with church matters. He took a warm interest in the foundation of the Colony of Connecticut. Returning to England, he won many recruits to the Parliamentary Army. In 1650 he was executed at Charing Cross.  
Tyferville.—The birch mill, which has been in operation through the winter, has shut down for the summer season.

**EVERARD THOMPSON AT HEAD OF BIG PROJECT.**  
Former Norwich Man Directing Construction of Biggest Sport Arena.  
What is to be the most comprehensive and as financially the largest public arena for outdoor sports in the world is being constructed on the Sheephead Bay race track property, recently sold to the Sheephead Bay Speedway corporation, which has taken over the 400 odd acres of turf and meadow, which comprise the unique property within the greater city of New York, has begun construction on the most extensive sporting ground that has ever been planned.  
In the long line of sporting activities which are to take place where the brilliant colors of the jockey caps flashed under the wire in other days are included automobile track racing, football, baseball, track meets, polo tournaments, tennis and aviation. The facilities for sports will be almost unlimited and crowds many times larger than at any other arena will be able to be accommodated. The ultimate seating capacity of the steel and concrete grandstand will be 175,000. When it is remembered that the huge Yale bowl at New Haven has a seating capacity of 80,000, some idea of the magnitude of the new undertaking can be gained.  
Everard Thompson, formerly of Norwich, who is manager of the enterprise and in full charge of the arrangements, has been the active factor in the management of Yale athletics for a number of years and had much to do with the construction of the new Yale bowl, but has resigned his active connection with Yale in order to take charge of the Sheephead Bay speedway.  
You see the space within the oval of the track measures 4,000 by 1,600 feet. The space within the oval gives us all the room in the world to hold all sorts of sporting contests.  
"One of the features to be developed in the new arena is the holding of Olympic games at the speedway, but if Europe recovers from the war with any spirit, any spirit for the Olympic meet and the meet comes to this country, we shall be prepared to hold it. We are going to have the finest track in the world, the finest building, and I hope that it will become a center of an almost municipal character for track meets. It should be a focal point for all the hundreds of schoolboy meets, for instance, which are held at odd spots around New York during the season, in which there is so much interest.  
"Although it is not our purpose by any means to compete with organized baseball, we will also have ball fields of the best type and we hope to include baseball games outside of the regular league schedules in our programme.  
"One of the important activities at the speedway will be aviation. I do not mean trick flying or stunts in the air of a hippodrome character, but straight flying and flying contests of different kinds."

The evening's entertainment ended with the serving of dainty refreshments. The party broke up at a late hour.  
**Memorial Dedicated.**  
The dedication of the memorial contributed by the people of St. Patrick's parish, Thompsonville, to the memory of the late Rev. Terence J. Dunn, a former pastor at the Sacred Heart church, was unveiled in St. Patrick's cemetery, Sunday afternoon.  
The memorial erected is a Celtic Cross, fifteen feet high, of blue eastern granite. This type of a memorial was used in great numbers in Ireland, Scotland and Wales during the period from the tenth to the fifteenth century.  
Father Dunn came here in 1856 from St. Joseph's church, Dayville, and remained here 8 years, doing excellent work during his pastorate here. He was sent to Willimantic and later to Baltic, and from there to Thompsonville. He died in 1914.

**PIMPLES ALL OVER FOREHEAD, FACE**  
And Neck. Also Blackheads. Itched Very Bad. Could Not Sleep. Cuticura Soap and Cuticura Ointment Healed in Three Weeks.  
S. W. Catherine St., Jamaica, L. I., N. Y.—  
"The trouble began first with blackheads appearing and then bursting out to big red pimples all over my forehead, face and neck which itched very bad. They troubled me worse when I would shave or wash my face. I would crush them out, then they would dry and in a few days come back. At the beginning of it I could not sleep.  
"I saw Cuticura Soap and ointment in the newspaper and sent for a free sample. I saw so much improvement that I bought a box of Cuticura Ointment with the Cuticura Soap and they healed me in three weeks." (Signed) A. D. Paradise, July 31, 1914.  
Besides quickly soothing and healing itching skin and scalp troubles of infants, children and adults these fragrant super-creamy emollients purify and beautify the skin, scalp, hair and hands.

**Try "GETS-IT," It's Magic for Corns!**  
New, Simple, Common-Sense Way.  
You will never know how really easy it is to get rid of a corn, until you have tried "GETS-IT." Nothing like it has ever been produced. It takes less time to apply it than it does to read this. It will dumbfound you, especially if you have tried everything else for corns. Two drops applied in a few seconds—that's all. The corn will then come right off, painlessly, without fussing or trouble. If you have ever made a fat bundle out of your toe with bandages; used thick, corn-pressing cotton-rings; corn-pulling salves; corn-teasing plasters—well, you'll appreciate the difference when you use "GETS-IT." Your corn agony will vanish. Cutting and gouging with knives, razors, files and scissors, and the danger of blood-poison are done away with. Try "GETS-IT" tonight for any corn, callus, wart or bunion. Never fails.  
"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.
